Since 1997 DIGICARD™ Affordable Multimedia Marketing has been devoted to providing customers with the very best, most affordable multimedia products and services available. It is with this same pride we introduce our new Search Engine Optimization Service.

DIGICARD™ Search Engine Optimization Service will help turn your website into a lead generating machine working for you 24x7x365. We will maximize your keyword-marketing plan with a detailed and personalized strategy. Our complete understanding of how search engine technology works will **get you the top rankings you need with the results you want all at a price you can afford!**

Search Engine Optimization (SEO) has become a necessity for doing business online. Most consumers use search engines to research and purchase online, but a prospective customer will only find you if your site is optimized properly for high ranking on the top search engines.

Unlike overpriced management programs offered by National Companies, DIGICARD™ SEO Service offers **personalized 1-on-1 service**. We utilize the latest Internet trends to identify the keywords most often searched for your specific industry. We analyze your website's content and business model to determine the relevant keywords needed to generate the web clicks you desire. Now you can **Reach** the same **Local** customers at a fraction of the cost.

DIGICARD™ SEO Service includes proper keyword selection, online ad writing, target audience and geographies, internal landing page content, visitor call-to-action prompts and toll FREE call tracking with detailed analysis and reports.

DIGICARD™ SEO Service WILL increase your website traffic and profits...GUARANTEED!
